

Drive Your Agency's Growth with XCEL Insurance Training

At XCEL Solutions, we're more than just an insurance training provider—we're your strategic partner in driving growth. Our solutions are designed to maximize new hire conversion rates and streamline the management of Pre-licensing Education and Continuing Education (CE) requirements.

Specialized Partner Solutions

Effortless Tracking

Monitor your candidates' progress anytime, anywhere with our Prepared to Pass Indicators. Our comprehensive tools and reporting give you a clear view of their exam readiness.

Tailored Partner Site

Provide recruits with a single URL to access your company's exclusive pricing and products through a dedicated Partner Site.

Expanded Support

Benefit from industry-leading support throughout the entire training lifecycle, from onboarding new recruits to helping seasoned employees meet their CE requirements.

Why Students Love Us

Proven Results:

Our unique 3-Part Training Program is designed to help your candidates pass on the first try—96% of our students credit this program for their success.

Variety of Study Tools:

We offer blended learning paths to engage every learning style, ensuring material retention and exam success.

Unmatched Expertise:

Our courses are crafted by insurance training experts with over 20 years of experience.
