

# Unlock Success with XCEL's Proven 3-Part Training Program

XCEL's 3-Part Training Program is meticulously crafted to prepare aspiring insurance professionals to excel in their licensing exams on the first attempt. This comprehensive approach leverages interactive tools and state-specific content to streamline learning and ensure mastery of essential exam topics.

## PART 1: Pre-Licensing Course

- Meets any **state pre-licensing education** requirements.
- **Streamlined learning** includes focused content, review notes, and chapter exams.
- Designed for **rapid completion** typically within 5 days or less.

## PART 2: Prep Review Course

- Concentrates intensely on the **most crucial** exam material.
- Optimize study with chapters weighted **identically to the state exam outline**.
- Ensure thorough preparation with **recommended exam scores** of 80% or higher.

## PART 3: Exam Simulators

- Simulators **mirror the state exam** content weighting.
- Allows for **unlimited retakes** to refine skills and build confidence.
- **Progressive access** is unlocked sequentially, reinforcing learner progression.

## Proven Results:

When completed in its entirety, our unique 3-Part Training Program is proven to help students pass the first time. In fact,

**96%** of our students credit our program for their success.
